

Quoted verbatim

"Mr Sahdu,

Thank you for your note, and it was good to meet you too.

I understand that Khansaheb have worked with you for some time now and are happy with the service and quality you provide and so have no issues with recommending you to our other Associate businesses. That you do your work on a price is also attractive to us.

I have copied this note on to Peter Weil in Qatar and Ian Trueman / Mike Holker-Barnes who are our director and manager responsible for Libya and who you can correspond with to arrange meetings when the time is right.

Kind Regards
George Franks
Managing Director"
