

25 September 2011

TO WHOM IT MAY CONCERN:

This is to certify that QDVC (Qatari Diar Vinci Corporation) employed Pamposh Caribbean Limited having their registered office at 16 Sinclair Road, Shrewsbury, Massachusetts, 01545, USA as a labour sub-contractor for portion of the civil work construction for their Dahlak Island Resort Project on the Island of Dahlak off the East Coast of Eritrea in Eastern Africa.

Pamposh was hired to do modification / repair works on existing villas / bungalows / staff quarters / swimming pools etc. Pamposh was responsible for all civil works viz Formwork / steel works / concreting / block masonry / plaster / tiling / stone fixing / marble / wood work / landscaping and external beautification works. In addition Pamposh manpower provided logistical support in operating, maintenance and running of the life camp for close to 500 expatriate staff and workers.

Our observations about Pamposh Caribbean are as follows:

- During their presence in Eritrea for a period of over 27 months Pamposh have consistently been a professional contractor and Pamposh team has worked very hard to make this project a success.
- Pamposh is a company well versed in logistics and Pamposh Team was able to mobilize hundreds of **Indian workers in a reasonably short period of time to this uninhabited remote Island of Dahlak.**
- We found Pamposh not only to be very professional in execution of civil works but also very well versed and equally efficient in providing support services.
- We rate Pamposh Caribbean as a professionally managed company and as an organization fully organized and conversant with requirement of Principal clients.

Pamposh team has a proficient workforce for different disciplines of work and we strongly recommend that hiring of Pamposh to any multinational organization for its labor solution.

Respectfully Yours,

Fabrice MARTIN
