

- d) They executed work of Excavation, Concrete foundations of 31 Villas, Hotel, Superstructure, and Block Work.
Pamposh Caribbean completed the Structural Works including Block Work of Back of the House / Central Energy Plant Building / Landscape Maintenance Building.
- e) The work executed on Item rate (labour work only) was approximately US\$ 2.5 million (U.S. dollars Two Million and Five Hundred Thousand only).
- f) While we found them completely professional so far as the execution of Civil works they were equally efficient in arranging the support services e.g. kitchen running facilities for a strength of 400 to 500 workers.

We commend the services of Pamposh Caribbean and their professional skills in executing Civil Construction Projects.

Our association in Anguilla was beneficial and we wish Pamposh Caribbean a great future.

Pamposh Caribbean is a professional organization and Carillion plans to continue our association with Pamposh in future projects in Dubai, Trinidad & Tobago and the wider Caribbean Region.
